PINSTRIPE

BAR

WELCOME TO PINSTRIPE

Named after the unofficial uniform of the Prohibition era, Pinstripe is a quintessential speakeasy amidst Ubud's rice fields. We craft liquid poetry that whispers, hints, and beckons to the curious. Here lies an after-dark experience that goes against the grain of what most watering holes in the village have to offer.

The elegance of a bygone era blends seamlessly with contemporary glamour. Glass is the canvas. Cocktails are our masterpieces.

Top shelf spirits are merged with time-honoured Indonesian nectars to take your senses on an unforgettable journey.

Sincerely,
The Pinstripe Team

House Rules

The Code of Conduct

- I Unexpected rendezvous. You found us.**
A speakeasy going against the grain of Ubud's traditional watering holes. Only tell those that are worthy.
- II Elegance of a bygone era.**
The 1920s had dress standards. So do we. So, presumably, do you.
- III Ask questions. Order curiously.**
Point at something that intrigues you. Our bartenders will take it from there.
- IV Sipping is not simply tasting.**
Each glass paints a vibrant narrative of Bali – ask our bartenders for the inside scoop.
- V Your phone belongs in your pocket.**
Nobody interesting is on it right now. They're all in here.
- VI Patience is a virtue.**
Good things are being done to your drink. We promise it's worth the wait.
- VII Always toast. No exceptions.**
Even if you're drinking alone. Especially if you're drinking alone.
- VIII Square dealing.**
Treat the room the way you want to be treated... the team, patrons, furniture. Respect is non-negotiable. No roughhousing.
- IX Profound appreciation for the finer things in life.**
You might meet people that share your mantra. Embrace this and share a drink.

Harlem

Where the Journey Began

Before Bali, there was Harlem. A world of jazz, art, and cultural awakening where Miguel Covarrubias rose to prominence among the visionaries of the Harlem Renaissance.

Here, he learned to see beyond appearances, capturing the spirit and stories that defined an era.

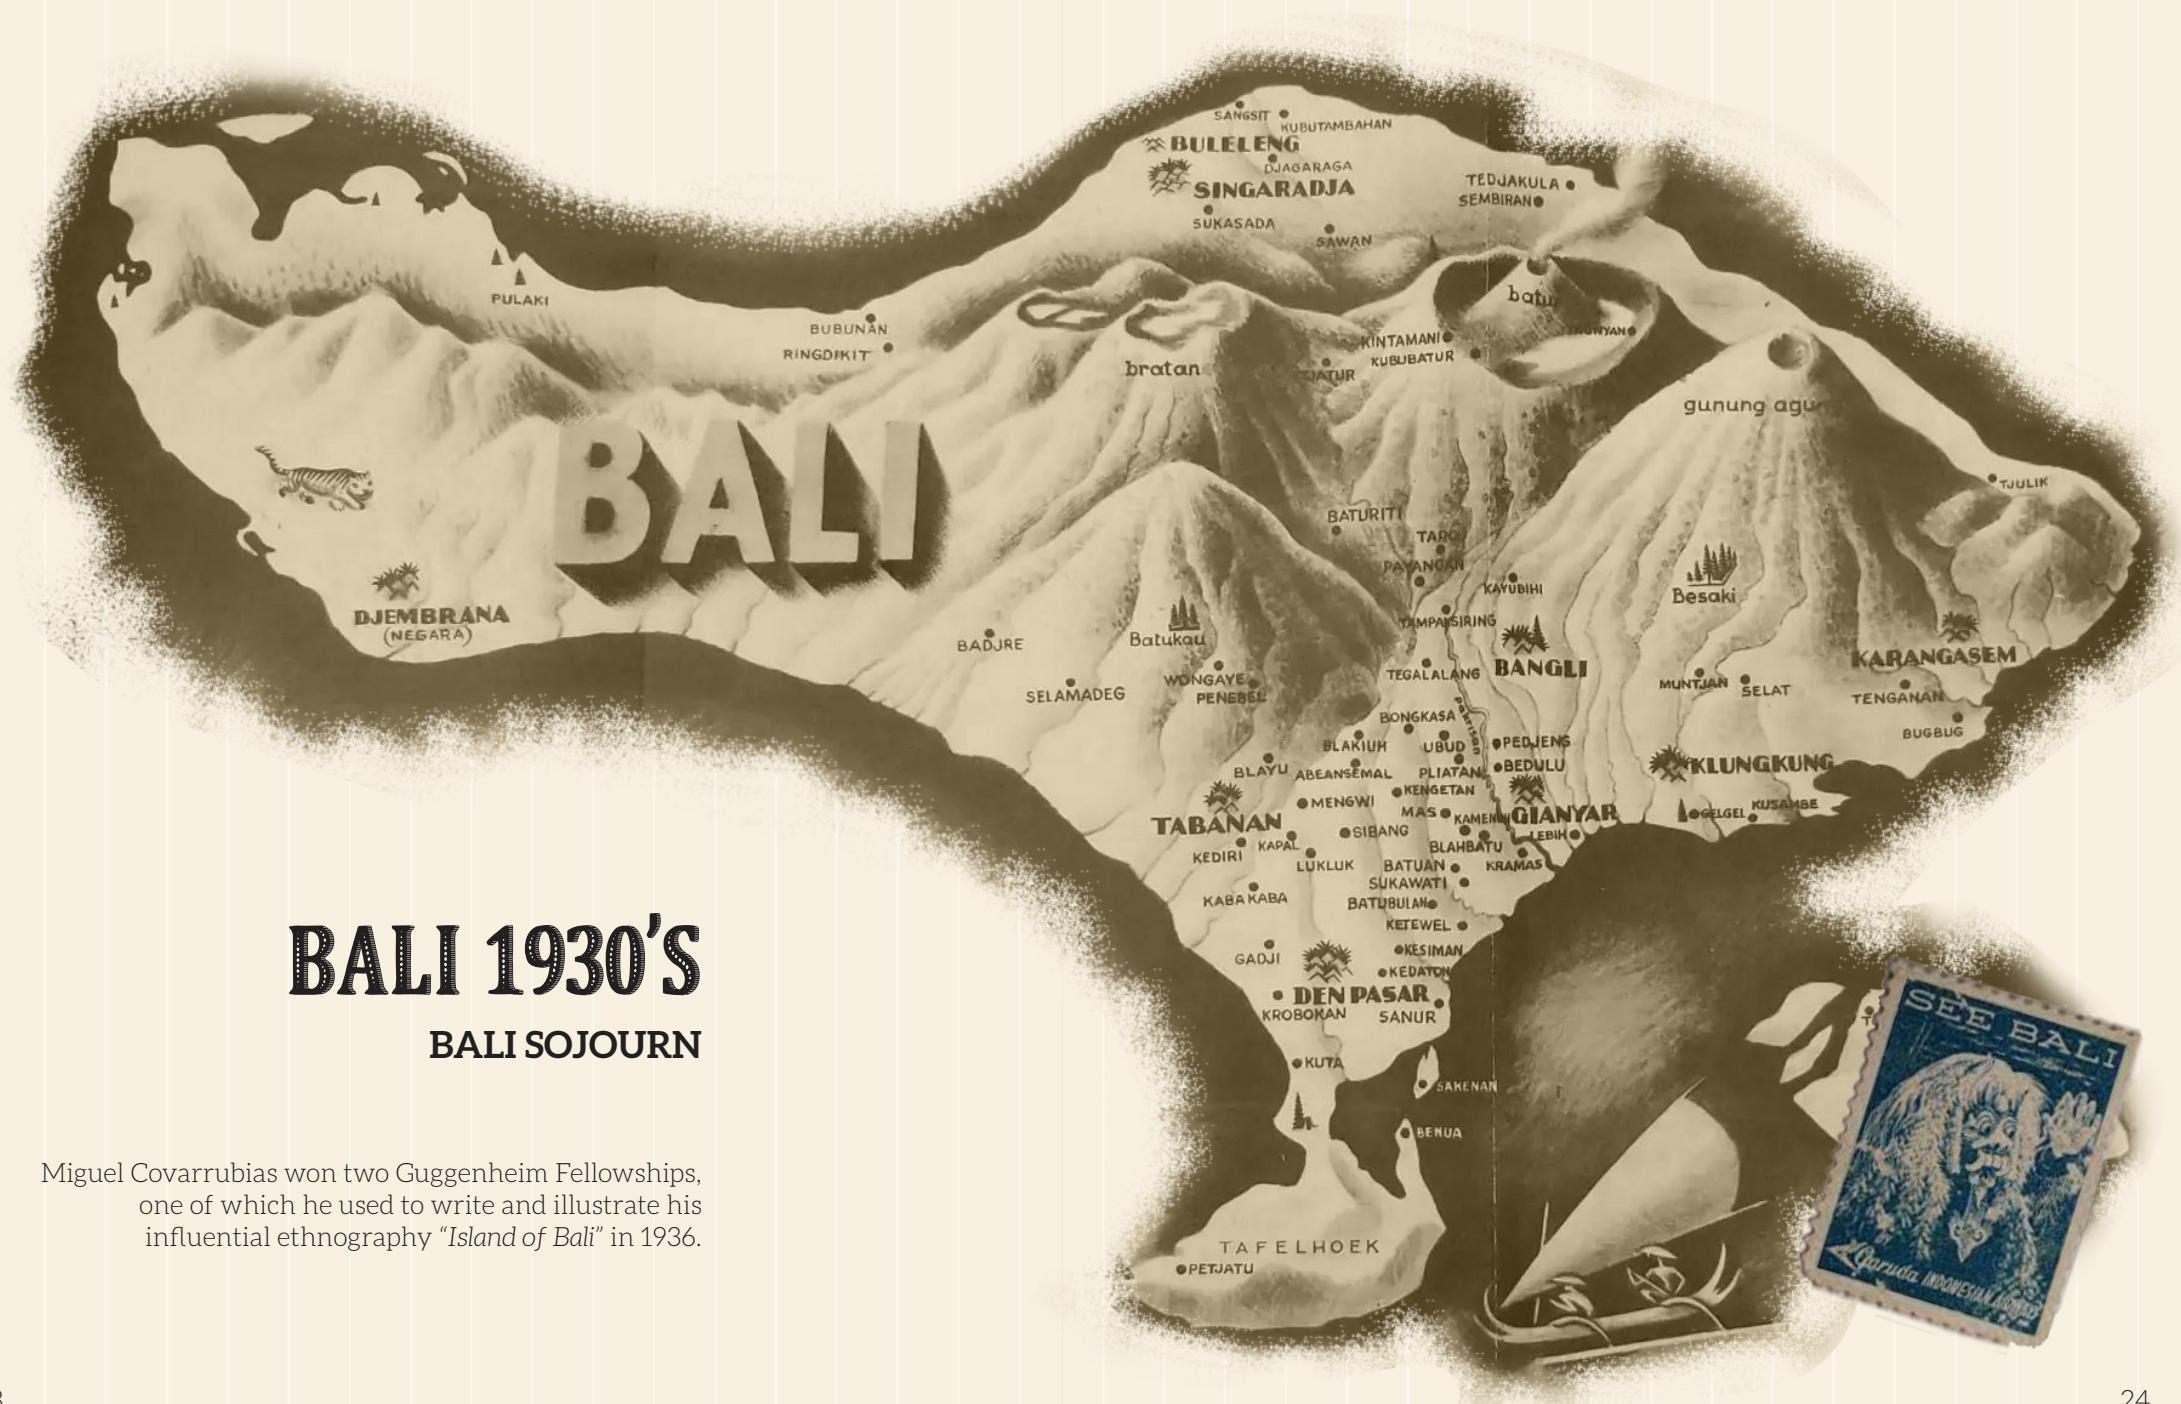

Bali

Where the Journey Found Meaning

In 1930, a honeymoon brought Covarrubias to Bali. What he discovered was more than a destination it was a living masterpiece.

Enchanted by its rituals, artistry, and enduring traditions, he found a profound source of inspiration that would shape his most celebrated work and leave an indelible mark on the island's story.
